PRODUCT SPECIFICATION

|                    |                               |
|--------------------|-------------------------------|
| Wattage / M        | 5W                            |
| Voltage (DC)       | 12V                           |
| LED / M            | 60                            |
| Cut Points (mm)    | 50mm                          |
| Strip Width (mm)   | 8mm (IP: 8.5mm)               |
| Lumens / M         | 384                           |
| Lumens / W         | 120                           |
| Kelvin             | 3000K                         |
| CRI                | 90+                           |
| IP Rating          | IP20, IP65, IP67              |
| Strip Depth (mm)   | 1.5mm (IP: 2mm)               |
| Beam Angle         | 120°                          |
| Reel Length (m)    | 5m (Custom Lengths Available) |
| Max Run Length (m) | 5m (Powered From One End)     |
| Chip Set           | Epistar (2835)                |
| Warranty           | 5 Years                       |
| Backing Tape       | 3M 300LSE                     |

## DIMENSIONS

## ADVICE

All of our LEDs are self adhesive and backed with 3M adhesive backing, which can be upgraded to our extra-strong foam backing tape for additional stability on horizontal surfaces.

### Aluminium profiles benefit in a number of ways:

**Heatsink** - Applying the LED strip onto or into an LED profile will ensure that any heat created will dissipate, which in turn will benefit the LEDs longevity.

**Adhesion** - LED strip lights will always adhere better to the aluminium profile than any other substrate. So no LEDs falling down a few days after installation.

**A Complete Project** - Housing within a profile will always offer a more complete look. Rather than having your LEDs on show, you can have plastered in, recessed or surface mounted profiles which blend into their surroundings, completing the project perfectly.

**Protection** - Instead of leaving the LEDs open to the elements, even on internal projects, housing within an aluminium profile will give added protection for little fingers, spilt drinks or dusting / cleaning.
