DESCRIPTION

The flat base aluminium profile is designed to deliver a sleek and professional finish for your LED installations.

It features a semi-diffused opal lens, which effectively disperses the light from individual LED diodes, creating a smooth and continuous light-bar effect.

DIMENSIONS

INSTALLATION OPTIONS

Fixing Brackets:

For added convenience, use our specially designed fixing brackets. These can be screwed or nailed into place, allowing the aluminium profile to clip securely onto them.

Adhesive:

Adhesive: Due to its light weight, you can Dot & Dab the profile directly to the surface with a grab adhesive (CT1 for example)

Countersink Screws:

Secure the profile directly to the surface with countersink screws.

CUSTOMISABLE LENGTHS

Our flat base profile is available in a standard length of 1m but they can be easily customised to your specific requirements. Simply cut the profile with straight or mitred cuts by using a hacksaw for a perfect fit.

For further details and support on LED profiles and extrusions, visit our dedicated aluminium profiles and extrusions support page.
